

9 April 1959

MEMORANDUM FOR: Requirements Officer/OSI  
Requirements Officer/OCI  
Requirements Officer/OFR

SUBJECT: Requirements for Clandestine Collections in  
War Time

1. [ ] who attended the recent War Planner's Conference on behalf of the DD/I area, reports that the DD/P has received requirements for clandestine collections in time of war from the Joint Staff. The DD/I area has never submitted comparable requirements and one result is that DD/P War Plans are likely to give undue weight to the needs of the military at the expense of some of our important requirements for information.

STAT

2. This seems to be a situation that we should correct, both as part of our war planning and for such beneficial effects as it might have on DD/P thinking. I suggest that each of you draw up a list of the requirements that you feel your office will have for war time clandestine collection and submit it to VI/DD/P. If you will also send me a copy, I will transmit the requirements of all three offices with a covering memorandum directly to the DD/P War Planners.

R. A. TIDWELL  
Assistant to the DD/I (Planning)
